'Useless and Deadly'
is a thriller about a female journalist working for a famous New York newspaper who investigates the deadliest and the most useless industry.

It's an inspirational and visionary satirical constructive drama, shown through a cross-border, multi-cultural, multi-generational, gender, and social-ecological lens.

The movie is optimistic with practical solutions proposed by NGOs to diverse stakeholders.

Dedication:

'Worldwide 8 Million people die each year because of tobacco.
We dedicate this movie to all people living on this Planet aware and unaware of harm inflicted upon them and their environment by the tobacco industry, and remembering those who are no longer with us because of it. We dedicate this movie to you as you can change the world to be better.'

Committed actresses and actors of international renown will star in the movie to help us raise funds for NGOs. Guest appearance: a multi-Grammy Award-winning United Nations Global Humanitarian Artist.
An Oscar winner will score the music and an award-winning Playwright will write the Screenplay.
